Need to earn or renew your Food Service Manager certificate? Already working in the industry? This course will include an introduction to food safety, cross contamination, personal hygiene, Hazard Analysis Critical Control Point (HACCP) and other topics detailed in the flow of food. Participants will prepare for and complete the national certification on-line exam in this course. Required textbook will be loaned to participants 1 week in advanced to prepare for the course and must be returned upon completion. Registration deadline is one week prior to the start date of each course.

Register online at www.lc.edu/Workforce_Training or call (618) 468-5787
